CONTENTS OF VOLUME 20

ABRAMCZYK, RUDOLF R. See BOUSFIELD, W. A.

ANDERSON, R. A. & MILES, R. C. Correspondence between "spontaneous" activity and learning 273

BATTIG, WILLIAM F. Transfer from multiple-choice recognition to paired-associate performance as a function of item length 252

BEAULIEU, CLAUDE. Comparaison de quatre méthodes pour diminuer l'angoisse experimentalement acquise 87

BERLYNE, D. E. & PECKHAM, SYLVIA. The semantic differential and other measures of reaction to visual complexity 125

BERNSTEIN, IRA H. Autonomic, perceptual, and response-bias effects of two forms of fear-inducing pretraining 243

BOURNE, LYLE E., JR. See KEPROS, PETER G.

BOUSFIELD, WESTON A. & ABRAMCZYK, RUDOLF R. Sequential ordering in repeated recall as a function of the length of the stimulus word list 427

BRYDEN, M. P. Accuracy and order of report in tachistoscopic recognition 262

CAREY, PETER. See SMITH, FRANK.

CAMPBELL, BYRON A. See MISANIN, JAMES R.

CLAYTON, KEITH N. & KAMBACK, MARVIN. Successful performance by cats on several colour discrimination problems 173

CORBALLIS, M. C. Rehearsal and decay in immediate recall of visually and aurally presented items 43

CROOKS, ROLAND C. & MCNULTY, JOHN A. Autonomic response specificity in normal and schizophrenic subjects 280

CROVITZ, HERBERT F., SCHIFFMAN, HAROLD, LIPSCOMB, D. B., POSNICK, GREGORY, REES, JAMES, SCHAUB, ROLF & TRIPP, ROBERT. Identification and localization in the letter span 455

DAVIDSON, P. O. See PAYNE, R. W.

DONALDSON, WAYNE. See SCHONFIELD, DAVID.

DORFMAN, DONALD D. & MCKENNA, HELEN. Pattern preference as a function of pattern uncertainty 143

——— Effect of internal and external cues on the heart rate of the rat 97

DUCHARME, RAYMOND. Activité physique et déactivation: baisse du rhythme cardiaque au cours de l'activité instrumentale 445

FAROQI, M. A. & PARAMESWARAN, E. G. Effect of the interval between signals on temporal judgment 12

FORRIN, BERT, KUMLER, MARVIN L. & MORIN, ROBERT E. The effects of response code and signal probability in a numeral-naming task 115

GORDON, MICHAEL E. See LEE, WAYNE.

HALTRECHT, E. J. See MCCORMACK, P. D.

HENDERSON, NORMAN D. Changes in open-field behaviour as a result of experimenter manipulation before or after intense shock 296

KAMBACK, MARVIN. See CLAYTON, KEITH N.

KANE, RONALD S. See ROUTTENBERG, ARYEH.

KATZ, LEONARD. Amount of reward and relative frequency of amount of reward in paired-associate learning 136

KEPROS, PETER G. & BOURNE, LYLE, E., JR. Identification of biconditional concepts: effects of number of relevant and irrelevant dimensions 198
KORN, JAMES H. & MOYER, K. E. Habituation of startle response and of heart rate in the rat 183
KUMLER, MARVIN L. See FORRIN, BERT.
LAURENCE, MARY W. Age differences in performance and subjective organization in the free-recall learning of pictorial material 388
LEE, WAYNE & GORDON, MICHAEL E. Paired-comparisons choice for externally distributed stimuli 352
LIPSCOMB, D. B. See CROVITZ, HERBERT F.
MCCORMACK, P. D. & HALTRECHT, E. J. Monitoring eye movements under two conditions of presentation of paired-associate materials 154
MACKWORTH, JANE F. Perceptual coding as a factor in short-term memory 18
MATIN, LEONARD. See PEARCE, DOUGLAS.
MACNEILL, M. See ZUBEK, JOHN P.
MCKENNA, HELEN, See DORFMAN, DONALD D.
MCKINNEY, JOHN PAUL. Verbal meaning and perceptual stability 237
MCNULTY, JOHN A. A partial learning model of recognition memory 302
——— See CROOKS, ROLAND C.
MEWHORT, D. J. K. Sequential redundancy and letter spacing as determinants of tachistoscopic recognition 435
MILES, R. C. See ANDERSON, R. A.
MISANIN, J. R., CAMPBELL, BYRON A. & SMITH, N. F. Duration of punishment and the delay of punishment gradient 407
MORIN, ROBERT E. See FORRIN, BERT.
MORRISON, G. ROLFE & NORRISON, W. Taste detection in the rat 208
MOYER, K. E. See KORN, JAMES H.
MURRAY, D. J. Intralist interference and rehearsal time in short-term memory 413
NORRISON, W. See MORRISON, G. ROLFE.
PAIVIO, ALLAN, YUILLE, JOHN C. & SMYTHE, PADRIC C. Stimulus and response abstractness, imagery, and meaningfulness and reported mediators in paired-associate learning 362
PAIVIO, ALLAN. Latency of verbal associations and imagery to noun stimuli as a function of abstractness and generality 378
PARAMESWARAN, E. G. See FAROQI, M. A.
PAYNE, R. W., DAVIDSON, P. O. & SLOANE, R. B. The prediction of academic success in university students: a pilot study 52
POSNICK, GREGORY. See CROVITZ, HERBERT F.
PEARCE, DOUGLAS & MATIN, LEONARD. The measurement of autokinetic speed 160
PECKHAM, SYLVIA. See BERLYNE, D. E.
REES, JAMES. See CROVITZ, HERBERT F.
REYNIERSE, JAMES H. Excessive drinking in rats as a function of number of meals 82
ROBERTSON, BETTY-ANNE. See SCHONFIELD, DAVID.
ROUTTENBERG, ARYEH & KANE, RONALD S. Weight loss following lesions at the self-stimulation point: ventral midbrain tegmentum 343
SCHAUB, ROLF. See CROVITZ, HERBERT F.
SCHIFFMAN, HAROLD. See CROVITZ, HERBERT F.
SCHILLER, PETER H. See SMITH, MARILYN C.
SCHONFIELD, DAVID & DONALDSON, WAYNE. Immediate memory as a function

of intraseries variation 218
SCHONFIELD, DAVID & ROBERTSON, BETTY-ANNE. Memory storage and aging 228
SEKULER, ROBERT W. Choice times and detection with visual backward masking 34
SLOANE, R. B. See PAYNE, R. W.
SMITH, FRANK & CAREY, PETER. Temporal factors in visual information processing 337
SMITH, MARILYN C. & SCHILLER, PETER H. Forward and backward masking: a comparison 191
SMITH, N. F. See MISANIN, JAMES R.
SMYTHE, PADRIC C. See PAIVIO, ALLAN.
STAGER, PAUL. An integration of neurological factors in the spiral after-effect 400
TAYLOR, JAMES G. Perception generated by training echolocation 64
TRIPP, ROBERT. See CROVITZ, HERBERT F.
WEINBERG, HAROLD. Evidence suggesting the acquisition of a simple discrimination during sleep 1
WRIGHT, NANCY A. & ZUBEK, JOHN P. Use of the multiple discriminant function in the prediction of perceptual deprivation tolerance 105
YUILLE, JOHN C. See PAIVIO, ALLAN.
ZUBEK, JOHN P. See WRIGHT, NANCY A.
ZUBEK, JOHN P. & MACNEILL, M. Effects of immobilization: behavioural and EEG changes 316
